## **2. Position Description**

**API 0:** Responsible for programmatic support, strategic planning and execution of resources for units supporting ANG Command and Control operations.

Comm Focal point for ANG operational units when under activation, training, and major exercises with regard to the ANG cyber operations enterprise. Represents the NGB/A3 at meetings with HQ USAF and MAJCOMs regarding fighter operations. Member of the Cyber Integrated Process Teams developing coordinated training and operational policy. Manages procurement, funding and sustainment for the ANG NOSC and associated weapons systems. Manages operational support and communications with 119th CACS supporting operational taskings and systems access. Ensures UTC availability to support a tasking ensures units are manned, trained, and equipped to provide/maintain the tasked capability. Maintains close communication and coordination with applicable Integrated Process Team (IPT), Program Element Monitors (PEMs), and exercise planners. Attends the Integrated Planning Team (IPT) and Weapon System Councils supporting each assigned weapon system. Standards and Evaluations functions for MDS specific issues will also be required. Vital link in UTC development, DOC Statement management and deliberate & crisis action planning process. Ensures that AFSPC gained forces are properly supported and sourced when scheduling USCC deployments in the validation process. Facilitates training and equipping of units to mobilize during war and to provide assistance during national emergencies (such as natural disasters or civil disturbances). Serves as a channel of communication between Service, Joint and inter-agency partners and the states on ANG operational activities.

Officer reviews and provides comments to the following planning guidance:

- Review Deliberate and Crisis Action Planning System (DCAPES) documents to ensure Air National Guard functional planning concerns are properly addressed. Incumbent is desired to know how to obtain information from these systems.
- Review the Joint Strategic Capabilities Plan (JSCP) basic volume and supporting functional annexes to identify changes in strategy, planning concepts, force apportionment, and joint planning guidance that might affect specific functional areas.
- Operational mission asset management responsibilities are to ensure all UTCs identified in UTC database systems have personnel and equipment to support respective wartime missions and roles. Routinely monitor, review and identify ANG unit-level Readiness Reporting and associated readiness shortfalls/trends with the NGB Readiness Assessments Branch (NGB/A3XR).
